

VICTORY BEYOND THE CUP

INVITE OTHERS INTO A SPIRITUAL CONVERSATION

As you continue to cultivate a heart for others, we want to encourage you to seek opportunities to start spiritual conversations. A great time to do this is after you share a meal with your guests or before or after you watch a soccer game together.

Starting spiritual conversations does not have to be complicated or uncomfortable. People want to be understood and the best way to understand them is to listen to them. Listen carefully for the connections the Holy Spirit wants you to make.

Pick one of the following categories of questions and enjoy discussing these with your guests. The last question in each category will help you transition to share the Gospel in a clear and simple way using **The FOUR**.
